CHINA UNIVERSAL INTERNATIONAL SERIES – CUAM CHINA-HONG KONG STRATEGY FUND  
(A sub-fund of China Universal International Series)

REPORT OF THE MANAGER TO THE UNITHOLDERS

**Fund Performance**

For the year ended 31 December 2020, the Class I HKD units of CUAM China-Hong Kong Strategy Fund (the "Sub-Fund") had an accumulated gain of 80.79%. The Class A HKD units had an accumulated gain of 79.90%. The Class I USD units had an accumulated gain of 81.60%. The Class A USD units had an accumulated gain of 80.69%. The Class A RMB units had an accumulated gain of 68.86%.

Since the inception on 16 November 2012, Class I HKD units of the Sub-Fund achieved an accumulative return of 314.11%. The Class A HKD units had an accumulated gain of 148.97% since its inception date on 17 April 2015. The Class I USD units had an accumulated gain of 81.60% since its inception date on 31 December 2019. The Class A USD units had an accumulated gain of 152.60% since its inception date on 18 May 2017. The Class A RMB units had an accumulated gain of 80.94% since its re-issuance date on 7 May 2019<sup>1</sup>.

**Market Review**

MSCI China Index went up by 26.70%, while Hang Seng Index and Hang Seng China Enterprises Index went down by 3.40% and 3.85% respectively in 2020<sup>2</sup>. China's stock market recovered strongly after the trough in March caused by breakout of the coronavirus pandemic. This reflected worldwide central banking monetary easing as well as China's economic survival after the government took effective measures to curb the spreading of the virus. We continue to see further industry consolidation in various sectors, and high-quality leaders in each industry are expanding their market share through operational, technology and capital advantages.

**Market Outlook**

Looking into 2021, we expect China will continue to benefit from low global interest rates as well as the country's rapid post-pandemic rebound. Overall, we are relatively optimistic on China's stock market. From mid-to-long run, we maintain our focus on long-term themes such as China's rebalancing into services and consumption, increasing share of discretionary spending and premiumisation, increasing spending on R&D and technology leading to innovation and market consolidation within segments.

(A sub-fund of China Universal International Series)

REPORT OF THE TRUSTEE TO THE UNITHOLDERS

We hereby confirm that, in our opinion, the Manager, China Universal Asset Management (Hong Kong) Company Limited, has, in all material respects, managed China Universal International Series – CUAM China-Hong Kong Strategy Fund for the year ended 31 December 2020 in accordance with the provisions of the trust deed dated 29 December 2011 as amended by five supplemental deeds dated 5 October 2012, 15 July 2013, 25 August 2016, 12 January 2017 and 10 December 2019 (collectively, the "Trust Deed").

On behalf of  
BOCI-Prudential Trustee Limited, the Trustee

### **Independent auditor's report**

To the Trustee and the Manager of

CHINA UNIVERSAL INTERNATIONAL SERIES – CUAM CHINA-HONG KONG STRATEGY FUND  
(A sub-fund of China Universal International Series, an umbrella unit trust established under the laws of Hong Kong)

### **Opinion**

We have audited the financial statements of China Universal International Series – CUAM China-Hong Kong Strategy Fund (a sub-fund of China Universal International Series (the "Trust") and referred to as the "Sub-Fund") set out on pages 7 to 35, which comprise the statement of financial position as at 31 December 2020, and the statement of profit or loss and other comprehensive income, statement of changes in net assets attributable to unitholders and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2020, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

### **Basis for opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Sub-Fund in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Other information included in the Annual Report**

The Manager and the Trustee of the Sub-Fund are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Independent auditor's report (continued)**

To the Trustee and the Manager of  
CHINA UNIVERSAL INTERNATIONAL SERIES – CUAM CHINA-HONG KONG STRATEGY FUND  
(A sub-fund of China Universal International Series, an umbrella unit trust established under the laws of Hong Kong)

**Responsibilities of the Manager and the Trustee for the financial statements**

The Manager and the Trustee of the Sub-Fund are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Manager and the Trustee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager and the Trustee of the Sub-Fund are responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager and the Trustee either intend to liquidate the Sub-Fund or to cease operations, or have no realistic alternative but to do so.

In addition, the Manager and the Trustee of the Sub-Fund are required to ensure that the financial statements have been properly prepared in accordance with the relevant provisions of the trust deed, as amended by supplemental deeds (collectively, the "Trust Deed") and the relevant disclosure provisions of Appendix E of the Code on Unit Trusts and Mutual Funds ("the SFC Code") issued by the Hong Kong Securities and Futures Commission.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

**Independent auditor's report (continued)**

To the Trustee and the Manager of  
CHINA UNIVERSAL INTERNATIONAL SERIES – CUAM CHINA-HONG KONG STRATEGY FUND  
(A sub-fund of China Universal International Series, an umbrella unit trust established under the laws of Hong Kong)

**Auditor's responsibilities for the audit of the financial statements (continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager and the Trustee.
- Conclude on the appropriateness of the Manager's and the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager and the Trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on matters under the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code**

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

CHINA UNIVERSAL INTERNATIONAL SERIES – CUAM CHINA-HONG KONG STRATEGY FUND  
(A sub-fund of China Universal International Series)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

1. THE SUB-FUND

China Universal International Series (the "Trust") was constituted as an open-ended unit trust established under the laws of Hong Kong pursuant to the trust deed dated 29 December 2011 as amended by five supplemental deeds dated 5 October 2012, 15 July 2013, 25 August 2016, 12 January 2017 and 10 December 2019 (collectively, the "Trust Deed"). As at 31 December 2020, the Trust consists of four sub-funds namely CUAM RMB Bondplus Fund, CUAM China-Hong Kong Strategy Fund, CUAM Hong Kong Dollar Bond Fund and CUAM Select US Dollar Bond Fund.

CUAM China-Hong Kong Strategy Fund (the "Sub-Fund") was commenced as a separate sub-fund of the Trust on 16 November 2012. The Sub-Fund is an open-ended unit trust authorised by the Securities and Futures Commission of Hong Kong (the "SFC") under Section 104(1) of the Securities and Futures Ordinance (the "SFO") and is required to comply with the Code on Unit Trusts and Mutual Funds established by the SFC (the "SFC Code"). Authorisation by the SFC does not imply official approval or recommendation.

The Manager of the Sub-Fund is China Universal Asset Management (Hong Kong) Company Limited (the "Manager") and the Trustee is BOCI-Prudential Trustee Limited (the "Trustee"). The Custodian is Bank of China (Hong Kong) Limited (the "Custodian").

Two classes of units, namely Class A units and Class I units, are available for subscription for the Sub-Fund. Class A units and Class I units are subject to different management fee. For the year ended 31 December 2020, Class A units and Class I units were in issue.

The investment objective of the Sub-Fund is to achieve medium to long-term capital growth through investing primarily in securities of companies which are established in the People's Republic of China ("PRC"), Hong Kong, Macau and Taiwan ("Greater China") or having their income, revenue, assets, economic activities, business or operations associated with Greater China.

At least 70% of the Sub-Fund's net asset value will be invested in a portfolio of (a) equity securities (including but not limited to ordinary shares, preferred shares, American Depositary Receipts, Global Depositary Receipts) of companies which are established in mainland China or Hong Kong or having their income, revenue, assets, economic activities, business or operations associated with mainland China and/or Hong Kong ("China-Hong Kong Companies"); and (b) debt securities instruments (including but not limited to long-term bonds, medium-term notes, bills and convertible bonds) issued by China-Hong Kong Companies and governments, government agencies and supra-national issuers in mainland China or Hong Kong.

The Sub-Fund may invest:

- Up to 100% of the Sub-Fund's net asset value in equity securities of China-Hong Kong Companies;
- Not more than 30% of the Sub-Fund's net asset value in debt securities instruments issued by China-Hong Kong Companies and governments, government agencies and supra-national issuers in mainland China or Hong Kong.

In addition, the Sub-Fund may invest on an ancillary basis less than 30% of its net asset value in (1) equity securities of non-China-Hong Kong Companies, (2) debt securities instruments issued by non-China-Hong Kong Companies, and governments, government agencies and supra-national issuers outside-mainland China or Hong Kong, and (3) collective investment schemes.

## NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

### 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E to the SFC Code.

The financial statements have been prepared under the historical cost basis, except for financial assets classified at fair value through profit or loss ("FVPL") that have been measured at fair value. The financial statements are presented in Hong Kong Dollar ("HK\$") and all values are rounded to the nearest HK\$ except where otherwise indicated.

### 2.2 CHANGE IN ACCOUNTING POLICIES AND DISCLOSURES

The Sub-Fund has adopted the following new and revised HKFRSs for the first time in the current year's financial statements, which are applicable to the Sub-Fund.

Amendments to HKAS 1 and HKAS 8	<i>Definition of Material</i>
---------------------------------	-------------------------------

The nature and the impact of the amendments are described below:

#### Amendments to HKAS 1 and HKAS 8 Definition of Material

Amendments to HKAS 1 and HKAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. The amendments did not have any impact on the financial position and performance of the Sub-Fund.

### 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

There are no standards and interpretations that are issued, but not yet effect, up to date of issuance of the Sub-Fund's financial statements which, in the opinion of the Manager will clearly impact the Sub-Fund.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Financial instruments

##### (i) *Classification*

In accordance with HKFRS 9, the Sub-Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(i) **Classification** (continued)

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- (a) It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term; or
- (b) On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking; or
- (c) It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument)

**Financial assets**

The Sub-Fund classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- The entity's business model for managing the financial assets
- The contractual cash flow characteristics of the financial asset

*Financial assets measured at amortised cost*

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Sub-Fund includes in this short-term non-financing receivables including dividend receivables, due from the Manager, amount due from broker, subscription proceeds receivable and cash and bank balances.

*Financial assets measured at fair value through profit or loss (FVPL)*

A financial asset is measured at fair value through profit or loss if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding; or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- (c) At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(i) **Classification** (continued)

**Financial assets** (continued)

The Sub-Fund includes in this category:

- Instruments held for trading. This category includes equity instruments which are acquired principally for the purpose of generating a profit from short-term fluctuations in price.

**Financial liabilities**

*Financial liabilities measured at fair value through profit or loss (FVPL)*

A financial liability is measured at FVPL if it meets the definition of held for trading. The Sub-Fund includes in this category includes its net assets attributable to unitholders and the Sub-Fund's accounting policy regarding the net assets attributable to unitholders is described in further part.

*Financial liabilities measured at amortised cost*

This category includes all financial liabilities. The Sub-Fund includes in this category management fee payable, trustee fee payable, amount due to broker, other payables and accruals and redemption proceeds payable.

(ii) **Recognition**

The Sub-Fund recognises a financial asset or a financial liability when, and only when, it becomes a party to the contractual provisions of the instrument.

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Sub-Fund commits to purchase or sell the financial asset.

(iii) **Initial measurement**

Financial assets at fair value through profit or loss are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as at FVPL) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

(iv) **Subsequent measurement**

After initial measurement, the Sub-Fund measures financial instruments which are classified as fair value through profit or loss at fair value. Subsequent changes in the fair value of those financial instruments are recorded in "Net gains or losses on financial assets at fair value through profit or loss". Dividend revenue elements of such instruments are recorded separately in "Dividend income".

NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(iv) **Subsequent measurement** (continued)

Debt instruments, other than those classified as at FVPL, are measured at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Financial liabilities are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

The effective interest is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Sub-Fund estimates cash flows considering all contractual terms of the financial instruments, but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

(v) **Derecognition**

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised where:

- The rights to receive cash flows from the asset have expired; or
- The Sub-Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass through arrangement; and either (a) the Sub-Fund has transferred substantially all the risks and rewards of the asset, or (b) the Sub-Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Sub-Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Sub-Fund's continuing involvement in the asset. In that case, the Sub-Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Fund has retained.

The Sub-Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled, or expired.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurement

The Sub-Fund measures financial instruments, such as, equities investments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability the principal or the most advantageous market must be accessible by the Sub-Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price, without any deduction for transaction costs. Securities defined in these accounts as 'listed' are traded in an active market.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Based on quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Based on valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Fund determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Impairment of financial assets

The Sub-Fund recognises an allowance for expected credit losses ("ECLs") all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Sub-Fund expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

Foreign currency

These financial statements are presented in HK\$, which is the Sub-Fund's functional and presentation currency. Foreign currency transactions recorded by the Sub-Fund are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the reporting date. Differences arising on settlement or transaction of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Foreign currency transaction gains and losses on financial instruments classified as at fair value through profit or loss are included in profit or loss as part of the 'net gains on financial assets at fair value through profit or loss'.

Functional currency

The Sub-Fund's functional currency is HK\$, which is the currency of the primary economic environment in which it operates. The Sub-Fund's performance is evaluated and its liquidity is managed in HK\$. Therefore, the HK\$ is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The Sub-Fund's presentation currency is also HK\$.

Net assets attributable to unitholders

The Sub-Fund issues redeemable units, namely Class A units and Class I units, which are redeemable at the unitholder's option and are classified as financial liabilities as they do not meet the conditions to be classified as equity.

The unitholders can redeem the units during the Hong Kong business days of each calendar month or such other day or days determined by the Manager and Trustee may agree from time to time for cash equal to a proportionate share of the Sub-Fund's net assets attributable to unitholders of the relevant classes.

Redeemable units are issued and redeemed at the holder's option at prices based on the Sub-Fund's net assets attributable to unitholders per unit at the time of issue or redemption. The Sub-Fund's net assets attributable to unitholders per unit is calculated by dividing the net assets attributable to unitholders by the number of units in issue.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and bank balances

For the purpose of the statement of financial position, cash and bank balances comprise cash on hand, demand deposits, and short-term deposits in bank, with original maturities of three months or less.

For the purpose of the statement of cash flows, cash and bank balances consist of cash and cash balances as defined above, net of outstanding bank overdrafts when appropriate.

Interest income

Interest income is recognised in profit or loss for all interest-bearing financial instruments as it accrues, using the effective interest method.

Dividend income

Dividend income is recognised when the Sub-Fund's right to receive the payment is established. Dividend income is presented gross of any non-recoverable withholding taxes, which are disclosed separately in profit or loss.

Net gains on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets as "at fair value through profit or loss" and excludes interest and dividend income.

Unrealised gains and losses comprise changes in the fair value of financial assets for the year and from reversal of prior period's unrealised gains and losses for financial assets which were realised in the reporting period.

Realised gains and losses on disposals of financial assets classified as "at fair value through profit or loss" are calculated using the weighted average method. They represent the difference between an instrument's average cost and disposal amount.

Related parties

A party is considered to be related to the Sub-Fund if:

- (a) the party is a person or a close member of that person's family and that person
    - (i) has control or joint control over the Sub-Fund;
    - (ii) has significant influence over the Sub-Fund; or
    - (iii) is a member of the key management personnel of the Sub-Fund or of a parent of the Sub-Fund;
- or

  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Sub-Fund or to the parent of the Sub-Fund.

Taxes

The Sub-Fund is exempt from all forms of taxation in Hong Kong, including income, capital gains and withholding taxes. However, in some jurisdictions, investment income and capital gains are subject to withholding tax deducted at the source of the income. The Sub-Fund presents the withholding tax separately from the gross investment income in profit or loss. For the purpose of the statement of cash flows, cash inflows from investments are presented net of withholding taxes, when applicable.

Distributions to unitholders

Distributions are at the discretion of the Manager. A distribution to the Sub-Fund's unitholders is included in profit or loss as the "finance costs". A proposed distribution is recognised as a liability in the year in which it is approved by the Manager of the Sub-Fund. The Manager does not intend to make any distribution of income in respect of the Sub-Fund.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Sub-Fund's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts recognised in the financial statements. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

Judgements

In the process of applying the Sub-Fund's accounting policies, management has not made any significant judgements which have the significant effect on the amounts recognised in the financial statements.

Estimation uncertainty

No significant estimation uncertainty that has a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year exists at the end of the reporting period.

4. TRANSACTIONS WITH THE MANAGER AND ITS CONNECTED PERSONS AND RELATED PARTY TRANSACTIONS

Unitholders of the Sub-Fund who wish to redeem their redeemable participating units may do so on any dealing day, i.e. every Hong Kong business day of the calendar year, by submitting a realisation request to the Manager or authorised distributors before the dealing deadline, i.e. 4:00 p.m. (Hong Kong time) on the relevant dealing day. Unless otherwise stated in the explanatory memorandum of the Sub-Fund, realisation requests received after the dealing deadline will be carried forward and dealt with on the next dealing day.

The Manager may suspend the redemption or conversions of redeemable participating units or delay the payment of redemption proceeds during any periods in which the determination of the net asset value of the Sub-Fund is suspended under certain conditions as set out in the explanatory memorandum of the Sub-Fund.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2020

11. DETAILS ON UNITS (continued)

With a view to protecting the interests of unitholders, the Manager is entitled, after consultation with the Trustee, to limit the number of units of any Sub-Fund redeemed on any dealing day to 10% of the total number of units of the relevant Sub-Fund in issue. In this event, the limitation will apply pro rata so that all unitholders of the Sub-Fund who have validly requested to redeem units of the Sub-Fund on that dealing day will redeem the same proportion of such units of the Sub-Fund provided that any holdings so requested to be realised being in aggregate of not more than 1% of the total number of units of any Sub-Fund in issue may be realised in full if in the opinion of the Manager after consultation with the Trustee, the application of such limitation would be unduly onerous or unfair to the unitholder or unitholders concerned. Any units not realised (but which would otherwise have been realised) will be carried forward for realisation, subject to the same limitation, and will have priority on the next succeeding dealing day and all following dealing days (in relation to which the Manager has the same power) until the original request has been satisfied in full.

12. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

Risk management

Risk is inherent in the Sub-Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring. The Manager is responsible for identifying and controlling risks. In perspective of risk management, the Sub-Fund's objective is to create and protect value for unitholders.

The Sub-Fund is exposed to market risk (which includes equity price risk, interest rate risk and foreign exchange risk), credit and counterparty risk and liquidity risk arising from the financial instruments it holds.

***Market risk***

Market risk is the risk of loss arising from uncertainty concerning movements in market prices and rates, including observable variables such as interest rates, credit spreads, exchange rates, and others that may be only indirectly observable such as volatilities and correlations. Market risk includes such factors as changes in economic environment, consumption pattern and investors' expectation etc. which may have significant impact on the value of the investments. Market movement may therefore result in substantial fluctuation in the net assets attributable to unitholders per unit of the Sub-Fund.

The maximum credit risk resulting from financial instruments approximate their carrying amounts.

The Sub-Fund assumes market risk in trading activities. The Sub-Fund distinguishes market risk as follows:

- Equity price risk
- Interest rate risk
- Foreign exchange risk

Risk management (continued)

**Market risk** (continued)

Equity price risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, either caused by factors specific to the individual instrument or factors affecting all instruments in the market. The Sub-Fund is exposed to equity price risk as changes in prices of equity instruments of its investments will affect its net asset value. Equity price risk can be mitigated by constructing a diversified portfolio of investment across different issuers, different sectors or traded on different markets by the investment strategies of investment manager.

Management's estimation of the effect on changes in net assets attributable to unitholders for the period due to a reasonably possible change in in the applicable equity index, MSCI China Index<sup>1</sup>, which is an internally predetermined reference for equity investment of the Sub-Fund, with all other variables held constant, is indicated in the table below. In practice, the actual trading results may differ from the sensitivity analysis below and the difference could be material.

	Change in equity prices	Effect on net assets attributable to unitholders and on changes in net assets attributable to unitholders for the year HK\$/Unit
At 31 December 2020		
MSCI China Index <sup>1</sup>	±5%	+1.9465
At 31 December 2019		
MSCI China Index <sup>1</sup>	±5%	±1.0943

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument or future cash flows will fluctuate due to changes in market interest rates.

The Manager considers that the Sub-Fund is not subject to significant risk due to fluctuations in the prevailing level of market interest rate. As the Sub-Fund does not hold any interest bearing financial assets through profit or loss other than cash as at 31 December 2020, the Manager considers that changes in the fair value of the investment portfolio of the Sub-Fund in the event of a change in market interest rates will not be material. Therefore, no sensitivity analysis of the investment portfolio of the Sub-Fund is presented.

Foreign exchange risk

Foreign exchange risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

The table below summarises the Sub-Fund's assets and liabilities, which are exposed to foreign exchange risk as at the end of the reporting period:

	2020	2019
	HK\$	HK\$
Renminbi	748,378,058	96,490,909

The table below presents the change in net asset value of the Sub-Fund due to a reasonably possible change by 5% in key exchange rates, with all other variables held constant. The Manager has used its view of what would be a reasonable possible shift in the exchange rates to estimate the change in this sensitivity analysis. However, this does not represent a prediction of the future movement in the markets. Changes below are shown in absolute terms, and the impacts could be positive or negative: Possible changes in interest rate are revised annually depending on the Manager's current view of market volatility and other relevant factors

	Possible reasonable shift	2020	2019
	+/-	HK\$	HK\$
	+/-	+/-	+/-
Renminbi	5%	37,418,903	4,824,545

**Liquidity risk**

Liquidity risk is defined as the risk that the Sub-Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Sub-Fund could be required to pay its liabilities or redeem its units earlier than expected. The Sub-Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the holder's option based on the Sub-Fund's net asset value per unit at the time of redemption, calculated in accordance with the Sub-Fund's Trust Deed. It is the Sub-Fund's policy that the Manager monitors the Sub-Fund's liquidity position on a daily basis.

The table below summarises the maturity profile of Sub-Fund's financial liabilities at the end of the reporting period based on contractual undiscounted cash flows. The table also analyses the maturity profile of the Sub-Fund's financial assets (undiscounted where appropriate) in order to provide a complete view of the Sub-Fund's contractual commitments and liquidity.

Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date. When counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Sub-Fund can be required to pay.

Financial assets

Analysis of equity securities at fair value through profit or loss into maturity groupings is based on the expected date on which these assets will be realised. For other assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or, if earlier, the expected date on which the assets will be realised.

**Credit and counterparty risk**

The Sub-Fund is exposed to credit risk, which is the risk that the counterparty to a financial instrument will cause a financial loss for the Sub-Fund by failing to discharge an obligation.

All transactions by the Sub-Fund in securities are settled/ paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The Sub-Fund's maximum exposure to credit risk at the end of the reporting period is the carrying amount of total assets as shown on the statement of financial position.

The Manager considers that none of these assets are impaired nor past due as at 31 December 2020 and 31 December 2019.

Credit risk disclosures are segmented into two sections based on whether the underlying financial instrument is subject to HKFRS 9's impairment disclosure or not.

**Financial assets subject to expected credit loss**

The Sub-Fund's financial assets subject to the expected credit loss model within HKFRS 9 are only dividend receivables, due from the Manager, amount due from broker, subscription proceeds receivables and cash and bank balances. As at 31 December 2020, the total of dividend receivables, due from the Manager, amount due from broker, subscription proceeds receivables and cash and bank balances was HK\$151,132,232 (2019: HK\$23,567,043) on which no loss allowance had been provided. No amount (2019: Nil) was considered credit impaired at the end of the reporting period.

In calculating the loss allowance, a provision matrix has been used based on historical observed loss rates over the expected life of the receivables adjusted for forward-looking estimates. Items have been grouped by their nature into the following categories: dividend receivables, due from the Manager, amount due from broker, subscription proceeds receivables and cash and bank balances. All the Sub-Fund's cash and bank balances are held in major financial institutions located in Hong Kong, which the Manager believes are of high credit quality. The Manager considers the Sub-Fund is not exposed to significant credit risk and no loss allowance (2019: Nil) has been made.

12. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Capital management

The Sub-Fund's objectives for managing capital are to invest the capital in investments in order to achieve its investment objective while maintaining sufficient liquidity to meet the expenses of the Sub-Fund, and to meet redemption requests as they arise.

13. SOFT COMMISSION ARRANGEMENTS

The Manager and its connected persons may enter into soft commission arrangements with brokers under which certain goods and services used to support investment decision making will be received. The Manager and its connected persons will not make direct payment for these services but will transact an agreed amount of business with the brokers on behalf of the Sub-Fund and commission will be paid on these transactions.

The goods and services must be of demonstrable benefit to the Sub-Fund and may include research and advisory services, computer hardware associated with specialised software or research services and performance insurance.

During the year ended 31 December 2020, no commission rebates was received by the Manager (2019: Nil).

14. EVENTS AFTER THE REPORTING PERIOD

During the period from 1 January 2021 to 27 April 2021, the Sub-Fund has received a total subsequent subscription of US\$55,298,948, HK\$546,289,757, RMB14,510,257 and redemption of US\$13,664,780, HK\$184,185,989 and RMB2,689,317, respectively.

15. APPROVAL OF THE FINANCIAL STATEMENTS
