

CUAM Stable Income Fund

April 2026 (as of 30 April 2026)

Eligible Collective Investment Schemes under the New Capital Investment Entrant Scheme¹

Important Notes

- The Fund will primarily invest at least 70% of its net asset value in investment grade debt securities instruments.
- Investors should note that the Fund is a monthly dealing sub-fund. Investors subscribing for Units issued under the Fund can only apply for subscription and redemption once a month on the Dealing Day. Where redemption applications are concentrated on the Dealing Day, it may cause the Fund's redemption gate to be triggered more easily on the Dealing Day. As such, Units of the Fund would have lower liquidity.
- Investment in the Fund is subject to liquidity risks for monthly dealing fund, investment risk, risks relating to debt securities (including but not limited to, risk of investing in asset-backed securities, mortgage-backed securities and asset-backed commercial papers, interest rates risk, credit risk of issuers /guarantors or counterparties, risks relating to credit rating, downgrading risk, below investment grade and unrated securities risk, sovereign debt risk, liquidity and volatility risk and valuation risk), concentration risk, emerging market risk, risk relating to convertible bonds and instruments with non-viability/loss absorption convertible features, risk of using financial derivative instruments, currency and conversion risks, etc.
- The Manager may at its discretion pay dividend out of the capital of the Fund or effectively pay dividend out of capital. Payment of dividends out of capital or effectively pay dividend out of capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Such distributions will result in an immediate reduction in the net asset value per unit of the Fund.
- Investor should not make investment decisions solely based on this document.

Fund Information

Manager	China Universal Asset Management (Hong Kong) Company Limited
Base Currency	USD
Unit Class Currency	USD, HKD, RMB
Dealing Frequency	Monthly (20th calendar day of each month, or the immediately following Business Day ² , if such date is not a Business Day)
Dealing Deadline	4:00 pm (Hong Kong time)
Trustee	BOCI-Prudential Trustee Limited
Custodian	Bank of China (Hong Kong) Limited

Portfolio Characteristics

- Weighted average duration: 1.4 years
- Weighted average yield to maturity*: 5.68%

*Weighted average yield to maturity (YTM) is the internal rate of return calculated based on the current price of the underlying asset assuming held to maturity, and all interest and principal are paid on time and reinvested at the current interest rate. The calculation of YTM takes into account the current market price, par value, coupon rate and maturity date. YTM does not represent the performance of the Fund and a positive YTM does not imply a positive return. The Fund may not hold the relevant investment until its maturity.

Cumulative Performance^{3,4}

	YTD	1M	3M	6M	1Y	3Y	5Y	Since Inception
Class I – USD	1.48%	1.38%	0.71%	2.27%	6.56%	--	--	8.03%

¹ For the list of Eligible Collective Investment Schemes under New CIES, please refer to SFCHK website for most updated information. For further details of the New CIES, please refer to the website of the New CIES hosted by Invest Hong Kong.

² "Business Day" means a day (other than a Saturday or Sunday) on which the SEHK is open for trading in Hong Kong or such other day or days as the Manager and the Trustee may agree from time to time.

³ The computation basis of the performance is based on the last Business Day of the calendar year / period, NAV-To-NAV, with dividend reinvested (if any). Investment returns are denominated in the relevant unit class currency of the Fund. Where the unit class currency is not US/HK Dollars, US/HK Dollar-based investors are exposed to exchange rate fluctuations.

⁴ Where no past performance is shown, there was insufficient data available to provide performance during the calendar year / period being shown.

⁵ The Manager views Class I (USD) as the most appropriate representative unit class. The NAV per Unit is for reference only and not indicative for the future performance. The value of units may rise as well as fall.

⁶ Please refer to the Explanatory Memorandum for further details including the minimum additional investment, minimum holding and minimum realization.

⁷ Please refer to the Explanatory Memorandum for further details of fee structure.

⁸ Up to 3% p.a. The current annual rate may be increased up to the specified permitted maximum level as set out in the Explanatory Memorandum by giving not less than one month's prior notice to the investors.
